MagCode® - Magnetic Power Charging Connectors for 12 V and 24 V

The MagCode® Power System and MagCode® Power System Pro - with additional mechanical twist lock - are ideal for charging applications in vehicles. The short-circuit-proof, self-finding magnetic systems are available for 12 V and 24 V, and can be used, for example, to charge secondary batteries in luxury vehicles, campers, rescue vehicles and boats, or to supply power to mobile coolers or coffee makers. The system consists in each case of a PowerPort for connection to the power source, e.g. cigarette lighter in the vehicle, and a PowerClip for connecting external devices.

MagCode® Power System Pro features an additional twist lock mechanism for higher current loads up to 25 A, higher separation forces safeguard potential arcing problems to be eliminated.

About Rosenberger

Rosenberger is one of the world's leading manufacturers of impedance-controlled and optical interconnect solutions in high-frequency, high-voltage and fibre-optic technology.

The product range covers RF coaxial connectors, components and accessories, RF measurement products as well as cable assemblies for mobile communication networks, data centres, industrial test & measurement, automotive electronics as well as for high-voltage contact systems, medical and industrial electronics as well as aerospace engineering. The Custom machining division manufactures customer-specific precision parts from all machinable materials for various industries such as the automotive and commercial vehicle industry, ship building or classic mechanical and plant engineering.

Worldwide, the Rosenberger Group operates manufacturing and assembly locations as well as Rosenberger sales offices in Europe, Asia and North and South America where – in total – more than 14,200 employees develop, produce and sell our products. Rosenberger Hochfrequenztechnik GmbH & Co. KG with its headquarters in Fridolfing/Germany, where approx. 3,100 people are employed today, was founded in 1958 and has been family-owned ever since.
